****COME SHARE YOUR RECREATION THOUGHTS & IDEAS****

The Village of New Auburn has completed many improvements to our park resources in recent years. Our park and recreational facilities are important to the quality of life of residents and our tourism economy.

Looking to the future, we are now developing a Parks & Outdoor Recreation Plan to identify potential future improvements and as a requirement for related grant funding. Your participation will help us understand how you use our recreational facilities along with potential opportunities for the future.

Individuals unable to attend the Open House or who wish to share additional comments may call the Parks Commission Chair, Shannon Berg at 715-202-3920
