

**VILLAGE OF NEW AUBURN IS SEEKING A
WATER/WASTEWATER OPERATOR
FOR PUBLIC WORKS DEPT. AND NEW AUBURN UTILITIES**

Position involves the operation and maintenance of water supply wells, distribution system, storage facilities, wastewater collection, water/wastewater treatment and testing. The employee will be responsible for accomplishing functions associated with the control, operation and maintenance of the water treatment system, water distribution system, wells, tower, sewer collection system, lift stations, wastewater treatment plant, and related facilities.

This position includes the use of tools and equipment for day-to-day duties, physical labor in all-weather including lifting 50-100 lbs. occasionally. Due to the diverse nature of this position, the employee shall develop and acquire the necessary construction skills, maintenance skills, laboratory skills and equipment operating skills to enable work to be performed in an efficient manner and ensure that safe potable water is delivered to the general public.

Must be able to work unsupervised, have a good work ethic, able to work with the general public, and have computer skills as well as being a team support assisting the Streets and Parks Dept. as needed.

Prefer three plus years public works experience but willing to train the right individual; however, must have CDL for snow plowing and operating heavy equipment.

A detailed job description is available. Experience preferred but willing to train the right individual.

Wage commensurate with experience \$20 - \$25/hour as well as a full benefit package:
Health/Life/STD/Retirement and PTO: Holidays/Vacation/Sick.

Position open until filled. Submit cover letter, resume, and employment application to: Attn: Ardith Story, Village of New Auburn, PO Box 100, New Auburn, WI 54757 or stop in at the Village Hall 130 E Elm St during office hours. EOE.
